## 8th Grade Graduates Coming to Lehi

Program to be Given in Tabernacle in Forenoon—Track Meet at City Park in Afternoon—Dance in Smuln's Academy in the Evening.

There will be busy days for the Eighth Grade students. Between examinations, programs and field days they will have little time for rest.

On May 11th, all who have not averaged 85 per cent or over in their studies and been absent not more than 5 days will go to Pleasant Grove, where the examination will be held.

On May 13th, Thursday night, all the grades will give a program in the Tabernacle, which will be the closing proper for the grade schools. The committee on arrangement consists of Leslie Goates, Mary Bennion, Edna Sharp, Emily Wanlass and Miss Berry.

May 14th will be field day for the grades at the City Park. The schools will also conduct an art exhibit of the student's work, which will last from Friday until the following Wednesday.

May 19 all the Eighth grade graduates in the Alpine District will come to Lehi. There will be a program in the forenoon in the Tabernacle, consisting of a reading or musical number from each school in the district and an address to the graduates by Dr. Gowans, State Superintendent.

In the afternoon there will be a track meet and base ball game. Prior to this day Lehi and American Fork, also Pleasant Grove and Lindon, will have base ball tryouts, and the two winners will play for the championship on May 19th. The track events will consist of 50 yard dash, 100 yard dash, 220 yard dash, 400 yard relay, broad jump, high jump and pole vault. Only 1915 graduates will be eligible in the ball game. There will be a big dance in the evening. The committee on field day consists of Messrs. Goates, Phillip, Yates and Child. There will probably be at least 400 visitors to feed this day, and the committee, consisting of Misses Emma Goates, Mary Powell and Ida Thurman will look after their entertainment.

In the evening on May 21st, there will be a program in the Tabernacle in honor of the Lehi graduates, which will consist of music, readings and addresses. The student who has the highest averages in all his studies for the year will act as valedictorian. This will close the season's work.

The High School students will be interested in the High School Field Day and program appearing in this issue on the American Fork page.

## Is Wines Pasture To Be Donated?

A movement was started this week to secure gratuitous contributions from one hundred citizens for the purchase of the Wines pasture. The proposition of the school board to purchase the property for a High School campus was rejected at an election three weeks ago, so several public-spirited citizens started a movement Tuesday to have one hundred citizens give from \$10 to \$50 each to purchase the property and then donate it to the city as an addition to the Wines Park.

These one hundred citizens will be visited in the near future and the following committee has been appointed

by the city council for this purpose: Edward Southwick, Joseph Holden, John S. Evans, W. E. Evans, G. L. Comer, A. L. Yates and W. W. Dickerson. Opposite each of the 100 names is a suggestive amount that each should pay.

Fifteen local citizens have signed notes for \$100 each and purchased the property, which will be sold for residential purposes.

## Telephone Situation Reaching a Crisis

Division Manager A. H. DeNike tells Committee that \$2.00 per Month Will be Cheapest Residence Service and Free Talks Between Towns Must Be Discontinued—Committee Starts Movement For New System.

At a meeting of the Lehi Telephone users Saturday night, a motion was carried unanimously agreeing to take out all telephones, whether they were on one party or four-party lines. The sentiment was unanimous to support the committee in its actions taken at the district committee meeting the evening before.

A committee meeting was held in the Lehi Commercial Club Friday night, and was attended by committees from Springville, Pleasant Grove, American Fork and Lehi. Utah Division Manager A. H. DeNike, Company Auditor, McIntosh and Utah Co. manager Sam Jones were present. About two hours were taken up by the telephone managers explaining the company's side of the case, after which the committee went into executive session and formulated a letter to be sent all over the county, and of which the following is a copy.

"Lehi, Utah, April 9, 1915.  
Mr. ....

Dear Sir:—  
At a meeting held at Lehi April 9, 1915, for the purpose of discussing the present telephone situation, there were present representative committees from Springville, Pleasant Grove, American Fork and Lehi, the committee from Provo having been excused because of previous engagement. There were also present representing the Mountain States Telephone and Telegraph company, Utah Division Manager Mr. A. H. DeNike, the Company's Auditor Mr. McIntosh, and Mr. Samuel J. Jones, Utah County manager.

After the object of the meeting had been stated by Chairman Edward Southwick of Lehi, members of each of the committees representing the four above named cities expressed themselves relative to their several positions in the telephone controversy. Manager DeNike, upon the part of his company, stated its position, going in, to the matter in very great detail, attempting to show the necessity of the increased rate for telephone service by submitting figures showing the amount of money invested; expense of operator and maintenance, etc. In conclusion of his remarks stated positively that the raise in rates would be made and also that the free service heretofore enjoyed between the cities of the north end of Utah county would be discontinued and a toll would be charged, and that the company would not recede from their contemplated action. The telephone representatives then retired and the several committees passed unanimously the following resolution:

"Resolved, That a committee be appointed to investigate the cost and advisability of installing an independent telephone system to operate in Utah County."

In order to facilitate matters the committee was appointed comprising the following: J. L. Whiting and L. E. Wiscomb of Springville, S. L. Chipman and Martin Ambrose of American Fork, Edward Southwick and A. J. Evans of Lehi.

The committee then organized, electing the following officers: Edward Southwick of Lehi Chairman, John F. Clark of Pleasant Grove Vice Chairman, Martin Ambrose of American Fork Secretary.

Edward Southwick and A. J. Evans were appointed a sub-committee to communicate the action of the meeting to the leading citizens of each city in Utah county, inviting their co-operation in the matter.

It is advised that each city and town call a public meeting of telephone users and notify the undersigned the time and place of meeting; they will make necessary arrangement to be present at such meeting. If it is deemed advisable to appoint a temporary committee to act in conjunction with those already named from the above mentioned cities, this committee was given authority to recognize as members of said committee any such appointment made pending the calling the meeting as above suggested.

It is our judgement that such committee ought to be appointed at once. Action has been taken at meetings of users of telephones of Lehi and American Fork that they will stand by the action of the committee even though it should require the removal of all their phones.

EDWARD SOUTHWICK  
A. J. Evans,  
Committee."

## City Council Holds Important Session

City Will Create a Sprinkling District and Charge Abutting Property Owners—Ordinance Passed Regulating City Gravel Beds.

The City Council held its regular session Tuesday night, Mayor Gurney and all the members being present.

Joseph S. Broadbent asked that an electric light be placed in front of his store. The matter was referred to the proper committee with instruction to act. The question of securing irrigation water to Mr. Broadbent was referred to the Mayor and recorder with instructions to act.

Mr. S. A. Willes asked that the city help him in securing an extension of the electric lights to his home. The matter was referred to the committee on electric lights.

John Woods asked in behalf of himself and others that the city water mains be extended to their homes. Referred to committee to investigate.

The council agreed to meet in the Wines Park Wednesday morning to determine on any further improvements there.

Sixteen citizens in the Third Ward petitioned the city to build or assist in building a sidewalk on the north side of State Road from Joseph's College's home to I. W. Fox's home. Referred to committee on streets.

The city sexton asked for some hose to help sprinkle lots in the city cemetery. The hose was ordered purchased, and a charge of \$1.25 per lot fixed as a water rate per season.

The city marshal was instructed to notify all who had wells running on the streets to keep the ditches clean.

The council agreed to try to secure more gravel to be used near the Salt Lake Route depot.

Councilmen Gilchrist, Hawkins and Robinson were appointed to draw up a sprinkling district and necessary ordinance, etc.

An ordinance reducing certain licenses was passed, also one regulating the city gravel bed and permitting any citizen to obtain gravel free if used for private or public improvements, if used in the city.

On petition of citizens on Second West Street the council authorized a fire hydrant to be placed near Bishop Lewis' home.

Bills aggregating \$695.50 were allowed.

## Sugar Company Growing Its Own Beet Seed

A force of men this week completed the planting of forty-five acres of mother sugar beets on the Saratoga farm. Because of the war in Europe and the difficulty of getting beet seed from Germany, the Utah-Idaho Sugar company is preparing to grow its own seed, and is also planting a big acreage in the Bear River Valley. The mother beets, which have been kept in the sand all winter, came out in good condition. The storing of the beets over winter is the most difficult part of growing seed.
